

PHOTO PAPER PLUS PE 225 SATIN

satin 3556, 233 g/m²

Universal, PE-coated, satin-finished 233 g/m² photo paper for poster and photo applications

This double-sided PE-coated photo paper with a satin finish is suitable for poster and photo applications and offers excellent value for money. The coating is optimised for solvent and latex ink systems and enables high productivity. The prints impress with their high colour brilliance and wide colour gamut. Due to its basis weight of 233 g/m², the product offers high opacity and optimal processing properties. The splash-proof coating ensures a particularly durable and scratch-resistant print image.

Advantages

- Excellent colour reproduction
- High resolution
- Very good edge sharpness
- High-quality, dimensionally stable base paper
- Splash-proof and durable surface
- FSC® certified
