

PICOFILM WO-70 GLOSS IHG1

glossy 7090, 62 g/m²

SiHL PICOFILM WO-70 gloss IHG1 is a white BOPP FACESTOCK film with a total thickness of approx. 70 µm. It has a glossy coating on the front, which makes it ideal for variable information printing (V.I.P.) with water-based inkjet systems. The reverse side is untreated.

Advantages

- Very quick drying
- Versatile in use
- Good water resistance
- Sharp printouts
- Brilliant colours

General tips

We recommend carrying out your own pressure and application tests before using the product.

Physical data

Name	Value	Tolerance	Norm
Weight [g/m ²]	62	±6	ISO 536
Thickness (film) [µm]	78	±6	ISO 4593
ISO Brightness [%]	>88		ISO 2470-1
Whiteness, CIE D65/10°	>85		ISO 11475
Opacity [%]	>78		ISO 2471
Gloss (60°), Dr. Lange [GU]	58	±15	ISO 2813

Durability

For quality reasons, PICOFILM should be stored in its original packaging.

For storage and finishing we recommend a room climate of 25±5° C and 50±10% relative humidity. If stored properly in the original packaging, the inkjet coating has a shelf life of 2 years.
