

Sehr geehrte Damen und Herren,

ARTYSIO is THE innovation in **flexible packaging**. That's why we're now expanding our business in the US. We have more news too: As a **member of the eezeetags® family** we're happy to join the revolution that self-service check-in is undergoing at airports.

Environmental protection and sustainability are pioneering topics we're tackling intensively at Sihl. With this in mind, we create products and solutions that help to make the best possible use of available resources.
The recyclability of our ENDURO grades is now officially confirmed.

We hope you enjoy reading this newsletter!

Best wishes from Düren, Bern and Fiskeville

Aline Jansen

► WE STRENGTHEN OUR BRAND ARTYSIO IN THE USA

We're delighted that **packaging expert Grace Engebretsen** has taken on the role of Sales & Business Development Manager in the USA, strengthening the innovation activities in the Sihl Group's PACKAGING division. Her focus will be on boosting the business unit's development in the American market, combined with building the Sihl brand **ARTYSIO**.

► THE REVOLUTION OF THE SELF-SERVICE CHECK-IN

The demand for self-service options at airports has been steadily increasing since the global pandemic. It's precisely here that we've developed the perfect complete solution with our **PRESSURETAC** material, having founded the **eezeetags® family** this year in cooperation with the company eezeetags®. Since then, we've been successfully driving the **self-service**

check-in of airlines and airports forwards together. You too can become part of the family!

► SUSTAINABLE ENDURO PRODUCTS

Sihl stands for **sustainability**. Against this background, the renowned “cyclos-HTP” Institute in Aachen was commissioned to test and rate the recycling capacity of our ENDURO range. And the result was impressive! Due to the high paper content, almost **all ENDURO grades are suitable for recycling** or recyclable.
